

The Elba Clipper

VOLUME 70

ELBA, ALABAMA 36323, THURSDAY, MAY 2, 1968

NUMBER 41

Brunson To Head Boy Scout Drive

The Boy Scout Sustaining Membership Enrollment will be held in Elba during May, with Jack Brunson serving as Enrollment Chairman. A kick-off breakfast is scheduled for 7 a.m. on May 7, at the Methodist Educational Building. This breakfast will be attended by Team Captains and their enrollers who are currently being solicited.

Serving as Team Captains in the Sustaining Membership Enrollment are: Mr. Wayne Grandham, Mr. Charlie Hayes, Chief Bo Dunaway, Mr. Everett Kelley, Mr. Byron Bruce, Mr. Gerald Tucker, and Mr. Fred Rainer.

The Boy Scouts of America was founded in 1910 and since that time more than 30,000,000 boys and adults have been members. The Scouts of today are the future community leaders. There has never been a more important time to help these young men bridge the years into manhood. Boy Scouting answers these needs with the help and guidance of adults and through a program of self development, the learning of skills and moral growth. Jack encourages everyone in the Elba area to support the scouts with generous financial contributions and to assist with the program council as leaders, advisors, and program consultants.

JUNIOR-SENIOR PROM was held last Saturday night in the Dorsey hanger at the Elba airport. The top photo shows the junior girls working Saturday afternoon just before the rain started. The heavy rain caused them to modify their plans somewhat, but the event was a great success.

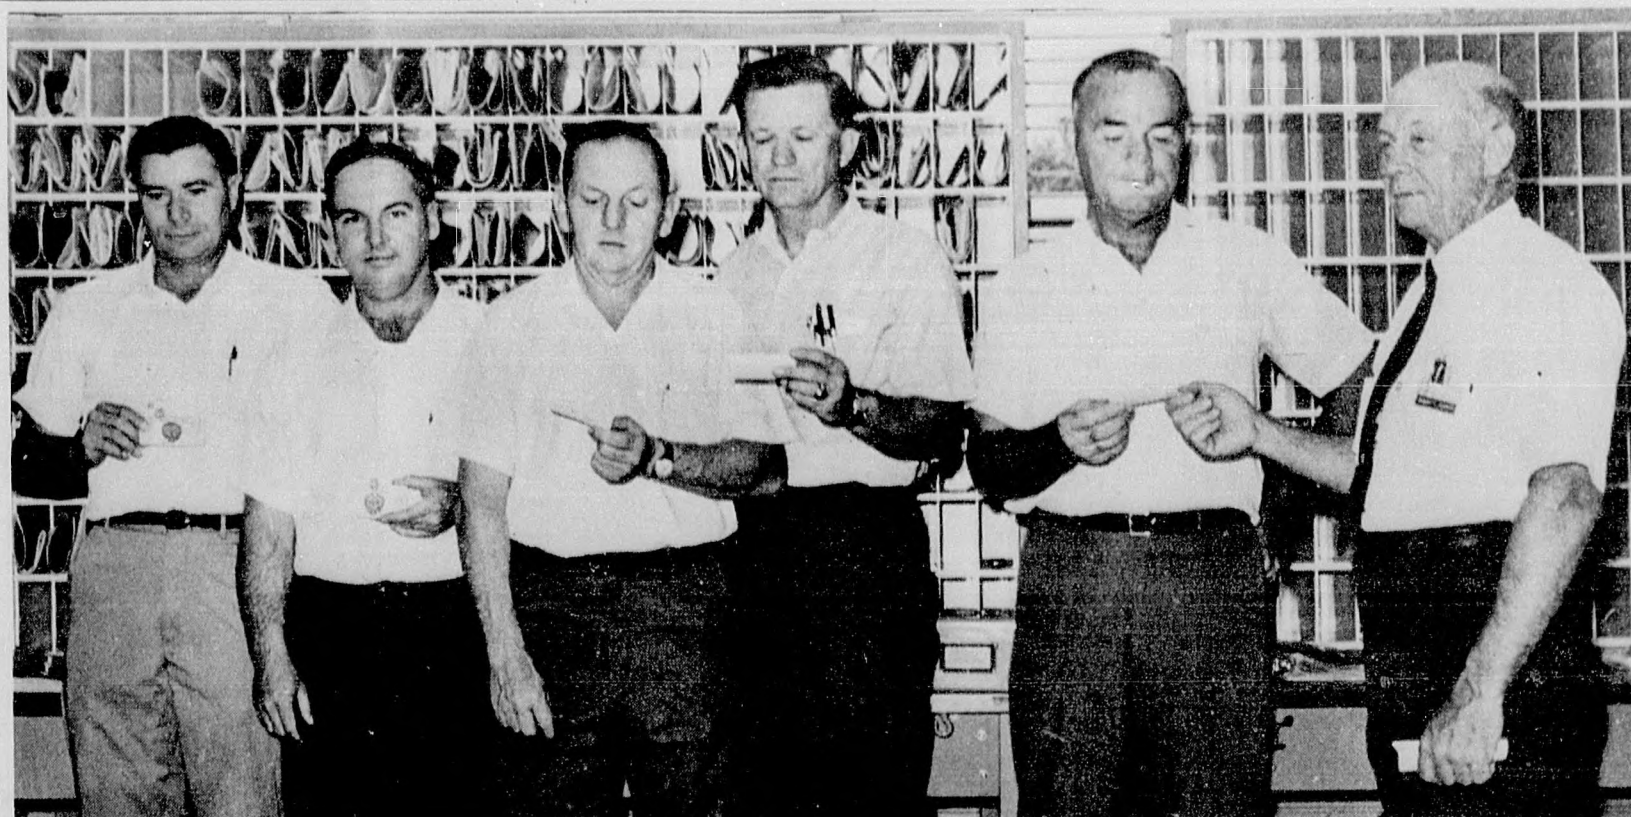

The lower photo caught two of the faculty sponsors taking a bite to eat in the hanger, Saturday afternoon at 2:30. This was suppose to be their noon meal. They are Miss Sylvia Jones, left and Mrs. Paul King.

Motley Shows Grand Champ

Greg Motley of Route One, Coffee Springs, exhibited the Grand Champion calf in the Coffee County 4-H Club Beef Calf Show Friday night. Motley's Polled Hereford calf weighed 930 pounds. Ray Mathews of Route One, Enterprise, showed the Reserve Champion which was a Shorthorn and weighed 1075 pounds. Motley is the son of Mr. and Mrs. Foy Motley and Mathews is the son of Mr. and Mrs. William Mathews. Greg Motley's Grand Champion also took top honors in the Native Calf Class. Carl Sanders of New Hope, fourth place; Payche Patterson of Kinston, fifth place; Martha Rogers of New Brockton, sixth place; and Tim Sanders of New Hope, seventh place. Medium Weight Class -- Greg Motley of Enterprise, first place; Bob Helms of Mt. Pleasant, second place; John Barley of New Brockton, third place; Allen Barley of the New Brockton Club placed third. In the Senior Showmanship Bob Helms of the Mt. Pleasant Club placed first; Ray Mathews of Goodman placed second; and Rex Wyroslick of Kinston placed third.

The official placings in each of the classes were as follows: Light Weight Class -- Gary Bowman of Goodman, first place; Carl Sanders of New Hope, second place; I. C. Hataway of Elba, third place; Carl Sanders of New Hope, fourth place; Payche Patterson of Kinston, fifth place; Martha Rogers of New Brockton, sixth place; and Tim Sanders of New Hope, seventh place. Medium Weight Class -- Greg Motley of Enterprise, first place; Bob Helms of Mt. Pleasant, second place; John Barley of New Brockton, third place; Allen Barley of the New Brockton Club placed third. In the Senior Showmanship Bob Helms of the Mt. Pleasant Club placed first; Ray Mathews of Goodman placed second; and Rex Wyroslick of Kinston placed third.

43 YEARS OF SAFE DRIVING is represented here as Postmaster Robert James Martin, ten years; Ed Cooper, seven years; Wayne Harrison, Cooper, right, presents Safe Driving Pins to local mail carriers. Pic-Four years and Charles Coon, two years. Not shown is Cecil Wise, who was awarded a four year pin.

Coin Collection To Be Displayed Here

A display of rare and ancient coins will be open to the public at the Elba Exchange Bank on Monday thru Friday, May 6-10. Mr. Oscar Vaughan, 17, president of the Elba Exchange Bank announced this week. The collection, recognized as one of the finest in the country, was the gift of the Alabama Bankers Association to the people of Alabama and is being cared for by the Alabama Museum of Natural History. The collection was purchased from the heirs of George M. Klein, a banker of Vicksburg, Mississippi. Most of the coins were purchased for the collection between the years of 1850 and 1885, making the collection one of the oldest major collections in the South. It contains a number of celebrated pieces, including the Widow's Mite and Shekel of Biblical times, the first coin on which the image of a human head appeared, Spanish Doubloons, Pieces of Eight and the rare Pine Tree Shilling of Early American fame.

The collection is displayed on fourteen colorfully illustrated panels. Each picture panel tells a story of the coins and of the period of history during which they were minted. Of particular interest is the Native Gold Panel from the Robert Russell collection. It contains gold dust, coarse gold, nuggets and a button, all of gold mined from Tallapoosa and Chilton Counties. Some \$750,000 in gold was mined in Alabama before the miners abandoned the mines to join the gold rush to California in 1849. Along with the Alabama gold is an exceptionally large nugget from Alaska which weighs 12-3/4 ounces and is valued at \$4,000. The Ancient Coin Panel contains coins from Greece and Rome, mostly of silver and bronze. One of the coins most often mentioned in the Bible, the Denarius, is represented by a fine specimen. It was a Roman soldier's pay for one month.

The Pirates Hoard Panel shows both front and back of two of the coins most famous in Gulf Coast history -- the Spanish Doubloon and the Piece of Eight. A doubloon was worth about twenty dollars in the days of the pirates and was highly prized by them for it was the most easily transported of all the currencies of that day. In that period of the world's history, paper money had not yet come into use and a robber's job was only half done with the robbery -- he had also to carry it away. The Pieces of Eight are equally famous but for a different reason. When change was not available the Piece of Eight, made of soft gold, could be easily cut into eight equal bits with the end of a cutlass or even a small pocket knife. A frontiersman

Presenting the award was John T. DeBardeleben, C. I. U. of Montgomery, general manager for New York Life in this area.

Law Day, U. S. A.

May 1 is Law Day throughout the United States. It is a day when we pause to reflect on our duties as well as rights as citizens.

We have the duty to obey the laws of the land; to respect the rights of others; to be informed on issues of government and community welfare; to vote in elections and to serve on juries if called; to serve and defend our country, and to assist agencies in law enforcement. We also have the duty to practice and teach the principles of good citizenship in the home.

Our rights include: equal protection of laws and equal justice in the courts; to be free from arbitrary search or arrest; equal education and economic opportunity; the right to own property.

Industrial activity declined, new businesses were not organized, many were discontinued, and there was a general out of industrial and professional leadership. No doubt many Calumans thought that by gaining political power under the leadership of Fidel Castro, they could solve the economic problems of their country. They have been much hungrier and more deprived ever since they realized their dream. The hard facts are that economic and social gains cannot be achieved by the coercive exercise of the power of government.

That's why the people in all communist lands are short of food, housing, clothing and many of the amenities that most of the poorest people in our country enjoy. The fact of the matter is that far more will be achieved toward relieving poverty and raising the standard of living for our poor people by seeking to help them become more productive.

If we wish to be free, we must stick to the system of rewarding men in proportion to their con-

IT'S UP TO YOU

By Howard E. Kershner, L.H.D.

The Cruel Illusion

RUNNING like a scarlet thread through the comment of many sincere people who would like to improve the hard lot of the poor, is the basic assumption, often eloquently expressed in words, that this can be done by gaining and using political power. This is the assumption behind the "black power" movement in our country. It is the rallying cry that has forced the writing of much harmful legislation on our statute books.

Does any competent observer who has some knowledge of history believe that economic and social gains can be achieved by the exercise of political powers? People who were obsessed with this type of thinking gained control of Saskatchewan, Canada, from 1944 to 1964, with the result that stagnation and hard times plagued that province far more severely than in the neighboring provinces of British Columbia, Alberta and Manitoba.

Industrial activity declined, new businesses were not organized, many were discontinued, and there was a general out of industrial and professional leadership. No doubt many Calumans thought that by gaining political power under the leadership of Fidel Castro, they could solve the economic problems of their country. They have been much hungrier and more deprived ever since they realized their dream. The hard facts are that economic and social gains cannot be achieved by the coercive exercise of the power of government.

That's why the people in all communist lands are short of food, housing, clothing and many of the amenities that most of the poorest people in our country enjoy. The fact of the matter is that far more will be achieved toward relieving poverty and raising the standard of living for our poor people by seeking to help them become more productive.

If we wish to be free, we must stick to the system of rewarding men in proportion to their con-

tribution to the wealth of our country. If one is not earning enough to live comfortably, he should strive to improve his skills and increase his output. That is the sure way to bring him the goods and services he needs and wants. That may appear to be a slow, hard way, but experience shows that it will work. Likewise, experience shows that the political power method which might seem to be faster, is a cruel illusion. Instead of improving the lot of our needy people, it will further impoverish them.

We need an all-out good will effort to help our lower paid workers increase their knowledge and their skills. That may not be spectacular, and it does not greatly arouse emotions, but it will produce the desired results.

Howard Kershner's Commentaries, Inc., Box 110, Radio City Station, New York, N. Y. 10101

OUR SON

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: 1. For his own sake. 2. For his children's sake. 3. For the sake of his community and nation. 4. For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Robert Edward, Junior — that's his name. But soon it will be Bobby. And after a while he and I will probably be known as Big Bob and Little Bob.

Funny how you start looking ahead. When I came out of the shop today I happened to notice our sign — the big one with my name on it that hangs over the door. And I thought to myself, maybe someday we'll add: & SON . . .

But Marge and I know better than that! You can't plan your son's life for him. He's got to make his own decisions, choose his own road.

One thing we have decided for him, though. That he's going to have all the moral and spiritual training a man needs to make right decisions and follow a straight road.

This God expects of us — of all parents. And our church is ready to do its vital part.

Singing will be featured during the 11 o'clock worship service hour and following lunch.

Everyone is cordially invited to attend and to enjoy the singing of the prominent quartet.

MONEY DISPLAY

Continued From Front

might not have fifty cents change but if had four bits of one of the Pieces of Eight he could do business just as well. It was in this way that the expressions "two bits" and "four bits" and "six bits" came into our language.

Among the most interesting of the displays is the Colonial Gold Panel. It is an assortment of bronze and silver coins used by the colonists. The silver Pine Tree Shilling was one of the first coins minted in the colonies and its picture has appeared in the texts of many of our school histories, making it one of the best known of the colonial coins. The first mint in the Colonies was operated by John Hull without a royal license in the back of his home in Boston. On May 27, 1652, the General Court of Massachusetts authorized Hull to mint shillings, sixpences and threepences. His fee was one shilling out of every

notes and bonds. During the War between the States, the State of Alabama issued a series of notes, 15 different types and denominations, most of which are represented. Some of the notes are now worth many times their face value as collector's pieces. Also represented are some notes issued by early Alabama banks. Some are beautifully engraved and are desirable as collector's items.

Today's pirates would experience much more difficulty in disposing of the Doubloons, Pieces of Eight and Pine Tree Shillings than in the old days. The valuable pieces are now so rare that collectors all over the world which collections hold them. The pieces are also photographed front and back and the pictures are filed with the insurance company, the state authorities and the FBI. A robber attempting to sell the coins would find them very "hot" merchandise, for each piece has its own individual personality and could be readily identified as coming from the Alabama Bankers Association collection.

The coins will be on display for five days, Monday thru Friday, May 6-10. Hours of the showing will be between 9:00 a.m. and 3:00 p.m. each day. The public is invited and no admission will be charged.

The first visible gasoline station in the United States was built in Adrian, Michigan in 1915.

Everyone is cordially invited to attend and to enjoy the singing of the prominent quartet.

Mrs. Clark Honored On 82nd Birthday

Mrs. H. G. Clark, Sr., celebrated her 82nd birthday Sunday, April 28. All delicious bar-b-cue dinner seven of her children were at the home of Frank and Mary Clark to celebrate this birthday. Others attending the occasion for the first time were three six-time-in-twenty-three years, Mrs. Clark, Mrs. Dan Par-grandchildren, six being Ker and Mrs. George Col-mary and Mrs. Fred Clark

John Woodson of Montgomery and Miss Nina Rowe of Elba.

Children present and their families were: Mr. and Mrs. Henry G. Clark, Jr., of Birmingham, Alabama; Mr. and Mrs. Edd Clark of Marshall, Texas; Mr. and Mrs. Fred Clark

clined 5 per cent. The 1967 earnings, according to the bank letter, were adversely affected by lagging demand in the early part of the year, by rising costs of labor and materials and by disruptions of production due to labor disputes. In many cases where output lagged, employment was maintained at a high level; the rate of new hiring in manufacturing, earnings de-

gains in productivity in many years both in manufacturing and in the private non-farm economy as a whole.

Between slower productivity growth and accelerated wage increases, unit labor costs rose rapidly and profit margins tended to decline. As a result, it was not uncommon in 1967 for companies to report higher sales volume but reduced profits.

Some physicians credit soft beds, soft chairs and other comforts of modern civilization with an increase in the number of persons who suffer from low back pain, says *Today's Health*, the magazine of the American Medical Association.

Once called lumbago, back pain is often caused by poor posture, obesity, ill-fitting or inappropriate shoes, or participating in sports. It may also be due to disease not directly relating to the back or to injury or strain.

Low back pain may occur at any age but it seems to bother middle-aged persons most. It oc-

of Elba; Mr. and Mrs. Joe Cox (Minnie Alice Clark) of Goldsboro, North Carolina; Mr. and Mrs. Auburn Hayes (Sara Nell Clark) of Orlando, Florida; Mr. and Mrs. John Green (Betty Sue Clark Clark) of Montgomery, Alabama.

There is still time for others to enter the contest.

Oh, my aching back! How often have you heard someone say that? Or said it yourself?

Backache is such a common ailment among civilized man that there are very few adults who haven't had a touch of it now and then.

Backache is such a common ailment among civilized man that there are very few adults who haven't had a touch of it now and then.

Some physicians credit soft beds, soft chairs and other comforts of modern civilization with an increase in the number of persons who suffer from low back pain, says *Today's Health*, the magazine of the American Medical Association.

Once called lumbago, back pain is often caused by poor posture, obesity, ill-fitting or inappropriate shoes, or participating in sports. It may also be due to disease not directly relating to the back or to injury or strain.

Low back pain may occur at any age but it seems to bother middle-aged persons most. It oc-

Oh, my aching back! How often have you heard someone say that? Or said it yourself?

COFFEE NEWS & CHAT

BY SARA E. HUTCHINSON

FOOD

How much does it cost to feed a family of two? A couple, 25 to 35 years of age, will spend about 15 dollars a week for food on a low-cost plan. On a moderate plan the cost per week would be about 15 dollars and on the liberal plan the weekly cost would be about 22 dollars.

If the family is between the ages of 55 to 75, the low-cost plan will run about eleven dollars, the moderate plan will be about 16 dollars, and the more liberal plan will cost around 18 dollars each week.

You can easily see how a clever shopper can save money at the food store.

TRENDS

Appliances are your best friends. If you want them to last a long time and give satisfactory service, you must use them safely as well as care for them individually.

Study the manufacturer's use-care booklet before using any piece of equipment. Directions are designed for each particular appliance and are factory tested. Follow them in using and cleaning each appliance and then file the booklet for ready reference.

I learn to use an appliance for as many jobs as it is designed to do. An appliance not used to its fullest potential is expensive and sometimes means money wasted.

Study your available storage space. An appliance is just as useful as the convenience of the place where it is stored. If possible, let its point of first use determine the storage location.

John R. Lolley
Has Completed
AF Basic

Airman John R. Lolley, son of Mr. and Mrs. Ollie D. Lolley of Rt. 1, New Brockton, has completed basic training at Lackland AFB, Tex. He has been assigned to the Air Force Technical Training Center at Keesler AFB, Miss., for specialized schooling as a communications specialist. Airman Lolley, a 1966 graduate of Enterprise High School, attended Enterprise State Junior College.

Do you frame your prescription?

When you have a prescription filled do you take a few pills or a few spoonfuls a day? If you do, you are jeopardizing your health. Follow your doctor's instructions to the letter—take all of the prescription. Then go back to your doctor. He'll tell you whether or not to have the prescription refilled. There are too many half-filled bottles in medicine chests, make testimony that YOU PAID for your doctor's advice and didn't follow it. You might as well frame your doctor's prescription as to take only a part of it. The most important business we have is filling your doctor's prescription. Your most important job is taking it.

tips for oiling machine, brush away accumulated lint around the bobbin and feed areas when you begin to clean your machine. A long-bristle paint brush is ideal for this job. With an old pair of tweezers, pull out balls of lint or thread from these areas.

Use oil especially made for machines and not a wax-base oil that will clog up your machine. A small oil can with a bent spout is best to reach those hard-to-get-at places.

A good rule to follow is to apply oil after you have just done a good bit of sewing. If the machine has not been in use for some time, low instructions in the use-care book.

After the machine has been oiled, wipe off the excess. Place a soft piece

of fabric under the presser foot and stitch until all excess oil has been absorbed.

Run a test stitch on a piece of fabric you intend to sew to see that all the controls are correctly set and all excess oil has been absorbed. If everything is in order, you are ready to sew the good-looking garments you have planned.

"Some folks practice what they preach, others just practice preaching."

The Old Timer

Farm Debts Increase 78%

Alabama farmers have acquired an increase of 78 per cent in outstanding debt during the past six years.

The farmers' debt in Alabama has risen from \$356 million in 1961 to \$632 million in 1967, says Dan Smith, Extension farm management specialist.

Since capital will continue to be cheaper than labor, capital will replace labor in the form of machinery and technology. By 1980, the national farm debt will be around \$100 billion, and assets will reach the \$370 billion mark.

DORSEY

continued from front

West Side Baptist Church. He is a past president of the Lions Club, a member of the American Legion, Masonic Orders and Shrine. As the father of five sons, he is naturally interested in the Boy Scouts. In this service to youth, he excelled in Scout leadership as chairman of the Finance Committee for the West Florida and Alabama Councils as Council President and in 1967 received the coveted Silver Beaver Award.

Dorsey was regional vice president of the Truck - Trailer Manufacturers Association for two years before becoming its president in 1964. Previously, he had been a member of the board of directors since 1948. He has represented his company and been active in the National ATA Foundation which fosters the trucking industry to the public through national advertising and public relations programs.

In his service to the Alabama Trucking Association, Dorsey has devoted his energies toward the advancement and progress of the motor carrier industry in association affairs. He has held every major elective office of the Association and was president in 1961. During his term of office, a new headquarters building and property on Capitol Hill was acquired. As a member of the Board of Governors of ATA Building Inc., he was instrumental in planning and seeing materialized the Association Building, present headquarters of the Association.

NITROGEN AND WEEDS have full information on the use of these chemicals.

Two of the major factors limiting corn yields in Coffee County are lack of enough Nitrogen around corn and failing to control weeds and grass. I know 4-H Club boys and girls that a lot of corn yields are lowered by several bushels per acre due to the grass and weeds taking away moisture and nutrients.

Let your stand be your guide as to the amount of Nitrogen side dressing you use. Good stands can profitably use 80 pounds of actual Nitrogen per acre. Cut the amount of Nitrogen by one-fourth if you have less than a good stand. Several good materials can be used to control weeds and grass in corn. If you would are not too expensive. We like to hear these young

men and women speak. Eliminations have been held in most of the clubs and the big county contest will be coming up May 6. The contest is sponsored by the American Farm Bureau Federation and the big county contest will be coming up May 6. people give their speeches are given locally. For example, Paschal's Dairy sponsors our County 4-H Dairy Contest, McLean's Jewelry and Strickland's Jewelry provide watches for the two boys and girls who turn in the best records each year.

There are many ways of discovering things about people. Our grandparents are used to say "Show me the companions and I will show you what you are." Agricultural Sherlock Holmes has come up with a new version of the game. He tells us, in effect, "Your lawn says a lot about you." Be better or worse, the real you is exposed right there beyond your front window.

If you have lawn and shrub problems that are getting the best of you, call us and we will be glad to provide as much help with your problem as we can.

NATIONAL AWARDS

I was checking through the Alabama 4-H Awards Program Guide a few days ago and came upon some interesting facts about the Alabama and national awards program. Did you know that the American Legion of Alabama sponsors the 4-H beautification of home grounds award? They send the state winner to the National 4-H Congress and then give various cash awards to the second and third place winners.

The Du Pont Company sponsors the National 4-H Beef Awards. On the county level, they give gold-filled medals and the state award over \$200 and he has been in an all expense paid trip making annual payments to the National 4-H Congress and the national award is \$400 each. However, excellent a-

wards for 4-H Club work are given locally. For example, Paschal's Dairy sponsors our County 4-H

A LETTER FROM GEORGE ANDREWS YOUR REPRESENTATIVE IN UNITED STATES CONGRESS

Third Congressional District Of Alabama

Dear Constituents:

In view of the fact that it will be impossible to see each of you during the short time left before the May 7th Primary, I am glad to have this opportunity to express to you my deep appreciation for your friendship and support over the years, and also, to state that I have sincerely tried to do the job you expected me to do as your representative in Congress.

Perhaps some of you have been disappointed that I do not return to the District more often. This is my answer:

This is a man-sized job. My hours do not begin at 8:00 a.m. and close at 5:00 p.m. I spend on the average of ten to twelve hours six days a week in my office. I receive on the average 150 to 200 letters each day, and they all contain problems. We get from 15 to 20 long distance telephone calls each day and night, and each of them poses a problem. We make it a policy to answer every letter received each day before leaving the office. During the quarter of a century I have served you in Congress, I have never failed to help a constituent who asked for help and a conscientious effort was made in every case.

I sit on one of the hardest working committees in Congress, the Defense Subcommittee of the House Appropriations Committee, composed of nine men. We meet 5 days a week from 10:00 a.m. to 4:00 p.m. and when one is absent, it stands out like a sore thumb.

I am telling you this so that you will understand why it is impossible for me to leave my job which you sent me to do and which you expect me to do and come to Alabama once a week even though, I assure you, it would be a pleasure to visit with you and perhaps go fishing occasionally.

Seriously, I feel that most of you in the Third District know me and are aware of my record during the 24 years I have been in Congress. In all my years here on Capitol Hill, I do not know of a time when our country faced more critical issues than it does today. I share your hopes, your ambition, your problems and your disappointments, and if you think I am able to continue to handle the problems of the Third District, I can only reiterate and pledge anew that I will continue to do my utmost to represent you to the very best of my strength and ability.

If I can ever be of service to you in any way, I hope you will never hesitate to call on me.

Sincerely,
GEORGE ANDREWS

ELBA, ALABAMA 36323, THURSDAY, MAY 9, 1968

NUMBER 42

Little Miss Elba Contest Slated

The Little Miss Elba contest will be held tonight (Thursday) in the Elba High School Auditorium. This annual event is sponsored by the Elba Lions Club and attracts a large number of young ladies each year. This year, over forty parents gave the written OK for their child to enter the event.

Pre-School Clinic Planned By Elba PTA

The Elba P.T.A. will sponsor a Pre-School Clinic at the Elba Elementary School on Wednesday, May 15, 1968, at 8:30 a.m., for all children who will be six years of age or under before October 1, 1968.

The local doctors and the Health department nurse will give each child a complete physical examination.

Because of the limited facilities, the school will be unable to provide lunch and keep the children after they have completed their registration.

Inman Records "Hole-In-One"

L. F. (Sonny) Inman proudly displayed a golf ball with which he scored a "hole-in-one" Monday afternoon. The fantastic feat happened on the No. 8 hole and is the third of that par three hole. The last was recorded by Joseph Tatum about a month ago.

Bloodmobile To Be In Elba On Tuesday

The Red Cross Bloodmobile will be in Elba on Wednesday, May 15th, according to Blood Chairman Mrs. Evelyn Duncan. The facilities will be located at the Elba Church of Christ, on the Troy highway from 10 a.m. until 4 p.m.

An extra effort is being made to get out the donors due the short collection on the last trip. The flu bug was loose then and there was flu in almost every family.

Youth Choir Presents Program

The youth choir of the first Baptist Church of Elba, will present a concert of sacred music this Sunday evening, May 12th, at 7:30 p.m. The 38 voice choir is under the direction of Milton A. Lites, Minister of Music, at the First Baptist Church. The program will consist of music ranging from the sixteenth century to the present day, including hymn arrangements, gospel songs and spirituals. Mrs. Pancy Collier accompanies the choir.

This is the home concert for the youth choir, who will be making an eight day tour later this month to sing at other churches.

TRACK TEAM MEMBERS - Kneeling from left to right, Jerry Hanchy, Brice Paul, Kenneth Manning, Mike Reeves, Danny Creel, Gary Sowards, Buddy Foreman.

SECOND ROW: George Farris, Lamar Rainer, Larry Wambles, David Stinson, Donnie Holley, Marion Price, James Mack, Dennis Smith, THIRDFROW: Johnny Sharpless, Joel Martin, Eddie Cooper, Ken Grogg, Don Wambles, Dean Smith, Dennis Bowers, Coach Gary Powell.

ATTEND STATE TRACT MEET from left to right are: Brice Paul, Dean Smith, Jerry Hanchy, Johnny Sharpless and Joel Martin. (right photo).

Local Police Stop Break-ins With Arrest

According to Police Chief Bo Dunaway, an arrest was made Tuesday about noon following a series of robberies of jewelry stores in Elba Monday night. Some time during the day Monday someone broke into the home of Mrs. Harold English and took a 30-06 rifle, four rings and a pair of earrings. Ten days ago someone had broken into the home of Mrs. English and taken several items. Last year her home was broken into and the thief included a 38 special and a 44 Magnum pistol. Recovered was the 38 rings and pair of earrings and the 30-06 rifle, Tuesday, which had been stolen the previous day.

Monday night the burglar entered the Lloyd Daniel Gulf Service Station but nothing was taken. He broke into the Elba Oil Company where he took a 318 in cash. The money was reported recovered. He entered and broke up the telephone booth at the Jim Ammon's taxi stand. At the Beauty Nook he took a bubble gum machine containing about \$20 after he had poured hair dye all over mirrors, towels and other supplies, plus the floor. From the Sanitary Barber Shop he took 7 razors, one razor hone and several bottles of hair tonic, all of which was recovered. At the Charles Cox Pure Oil Station he took a tire and a ring of keys which were recovered, but the tire is still missing. He attempted to break into the OK Rubber Welding Warehouse but failed to enter and nothing was taken from there.

Leading to the arrest of Billy Boy Jackson was when two small Negro boys went

to the Jewel Box to sell the rings they had gotten from Jackson. Dozier Roberts, owner of the Jewel Box, recognized the rings as belonging to Mrs. English. When the boys were questioned by authorities they told where they had gotten the rings which led to the arrest according to Chief Dunaway.

The arrest of Jackson came as quickly as it did thru the cooperation of the Elba Police Department, Tony Masters of the State Department of Public Safety, and the Sheriff's Department. Special appreciation has been credited to Dozier Roberts of the Jewel Box and Leo Foreman of the City Water and Electric Board.

An amazing thing to happen during the breaking and entering period, was that as Jackson was crossing the street from Cox Oil Station, the police car came by and he thumbed them for a ride. He later stated that he was cold and needed a ride home. Immediately afterwards, he broke into another firm, Jackson has admitted the thefts and also gave an account of where he disposed of the pistols he took from the home of Mrs. Harold English last year.

Elba Baseball Team To End Season Friday

The Elba High School baseball team will end their season on Friday night with a game against Ozark. The game will be played in Elba at Legion Field.

The public is invited to come out and support the local team. Game time is 7:30 p.m.

Track Team Records A Successful Year

The Elba Track Team, in only its second year of competition, has been quite impressive, mainly relying on the dashes and field events. Johnny Sharpless and Brice Paul in the 100 yard dash both qualified for the State Track Meet in Auburn as did Jerry Hanchy in the triple jump. The 440 relay team, consisting of Brice Paul, Paul and Sharpless, ran 10.4 in the 100 yard dash and triple jump.

The 440 relay team, consisting of Brice Paul, Paul and Sharpless, ran 10.4 in the 100 yard dash and triple jump.

Two Jr. High boys qualified for the state meet. They are Kenneth Grogg, left, in the Shot Put with 39 feet and Don Wambles in the High Jump with 5 feet 2 inches.

Democratic Primary Vote Less Than 50%

The Democratic Primary, held in Coffee County, returned, He polled 2197, Sel-den 1646, Smith 660, Folson 507, Cromlin 33 and Mrs. Stewart 21. These figures were with 34 of 44 boxes reporting Tuesday night.

New Brockton Is
Hiring For Head Start

Mr. Bryant Steele, of the New Brockton High School, is now taking applications for positions in the Head Start project for which they were recently awarded a grant. Mr. Steele said application forms for teachers, teacher-aids, cooks, cook-aids, social worker - dietitian, janitor, and clerical worker - bookkeeper, may be obtained at the school.

Thompson Awarded Annual Scholarship

Mike Thompson, a senior at Elba High School, has been awarded the Twentieth Century Study Club's annual scholarship.

His closest opponent is O. V. Waters with 1852, Conner Sims polled 797 and H. F. Cardwell 530.

In the Senate race, Allen was leading in Coffee
